## Learning this week

### English Language Arts

We will begin reading Thundercake while focusing on what poems are made of.

### Math

We will continue Topic 4- Multiplication to Divide. We will continue our Multiplication Facts timed tests.

### Science

We will begin Studies Weekly- Properties of Matter. Students will learn about compounds, mixtures, and solutions.

### Social Studies

We will begin Studies Weekly- Volunteering. Students will learn how to make a difference in the world.

## homework

READING- Continue to read books to complete the Genre Challenge. At least 20 mins of reading each night.

MATH- Daily review 4-5 through 4-8

SS- Information on our new project will come home on Monday.

## upcoming assignments

- \* There will be optional math review homework online each week. This is through Pearson Online which is found in Google Classroom.
- \* When a student has finished reading a book from the challenge they can earn their sticker by completing an activity from one of the 4 options in their S.W.E.E.T.

## note from the teacher

- Field Trip was a success!
- Please remember to check under the dates for day by day events.
